Meaford Hospital, part of the Grey Bruce Health System (GBHS), is a leader in health care for select acute care and other community programs and services. This “hub” of healthcare sites, includes Owen Sound, Lion’s Head, Markdale, Meaford, Southampton and Wiarton. The Meaford Hospital has been taking care of our local community for 70 years.

Ensuring quality health care close to home also means ensuring that our medical team has the necessary equipment they need to deliver the health care they are trained to provide. New medical equipment and other capital expenditures are NOT covered by provincial funding and Hospitals are 100 per cent responsible for the purchase of equipment, as well as other capital purchases.

The Georgian Bay Club Foundation is our second largest donor, contributing \$560,645 over the last 15 Years. We are deeply grateful for your continued support and thank you for your incredible generosity.

G&M HOSPITAL FOUNDATION

While you’re in South Georgian Bay, Collingwood G&M Hospital (CGMH) is your first point of care for major medical emergencies.

As the major trauma centre for the South Georgian Bay area and as a centre of excellence for orthopaedic surgery including total joint replacements, CGMH must be ready to diagnose and treat anything that comes through the doors of its very busy Emergency Department. CGMH physicians and staff are experts in the process of quickly and accurately diagnosing any medical situation, stabilizing life threatening situations, and then efficiently and effectively working to determine the next step in care, whether in Collingwood or at a tertiary care hospital in an urban centre.

Any team is only as good as the equipment and facilities provided to it. At CGMH, we are reliant on community support to ensure our medical team has the tools they need to respond to every emergency – to care for you, your family, and friends.

Since 2004, the Georgian Bay Club Foundation has played a critical role in ensuring our teams are equipped to care. \$1.4 M has been committed to your Hospital through the Annual GBCF Charity Golf Tournament. You have helped build your local hospital into a **leader in rural medicine**. We are extremely grateful!

Thank you for your continued support. Please know, we are here to care for you!
